

DermaTrack Privacy Policy

In this privacy policy (hereinafter referred to as the "Policy"), we are pleased to inform you of the handling of various types of information obtained by the DermaTrack (hereinafter referred to as the "App") provided by Embleema Inc. (hereinafter referred to as "Embleema") as follows.

Definition of Personal Information

- Information concerning a living individual as stipulated in the Act on the Protection of Personal Information (name, date of birth, or other information that can identify a specific individual)
- Information used in connection with a specific individual (e-mail address, administrative ID, and administrative password)
- Information on an attribute of an individual integrated within the above information

Collection of Information

The following information is not sent to the servers but is stored only in the iPhone installed with this App.

- Recorded data entered in this App (username, self-evaluation of itch)
- Data collected via this App (data acquired in connection with the motion sensor of the handset, etc.).

In case you decide to join a study sponsored by Embleema, part of the data collected via this App will be transferred to Embleema servers. The enrollment process takes place on the Embleema platform. Any of the data transferred becomes subject to the Embleema Privacy Policies. As a result, no data is transferred outside of your iPhone without your prior explicit consent.

Information Management

Since the information collected by this App is stored in the iPhone on which this App is installed, no data will be accessed or retrieved by Embleema. It is recommended that users protect their iPhone by enabling Face ID, Touch ID or a passcode.

Compliance and Review of Laws and Regulations

In addition to complying with applicable laws and regulations regarding health information and personal information, we will review the contents of this policy from time to time and update it as needed.
